

## CITIES ASKING FOR MERGER OF TELEPHONE

Companies in the Northern Part of the State through Boards of Trade.

FAIRMONT, June 5.—The agitation for the merger of the telephone companies operating in West Virginia took on concrete form Friday evening when a number of representatives of the commercial organizations of several cities met here and discussed the proposition in a full manner and passed resolutions which will be properly signed and forwarded to the public service commission and the telephone companies. The resolutions passed affect the cities of Wheeling, Fairmont, Clarksburg, Grafton, Morgantown and Parkersburg.

Those present were J. Minter Caldwell of Parkersburg; George W. Duddar, of Clarksburg; Roy B. Naylor, John H. Rennard, and Robert M. Brown, of Wheeling; Charles W. Evans, of Fairmont. E. M. Grant, secretary of the board of trade of Morgantown, could not be present but sent a telegram stating that Morgantown was ready to support the project.

The resolutions as passed are as follows:

At a meeting held this the 4th day of June, 1915, at the offices of the Fairmont Chamber of Commerce in the city of Fairmont, W. Va., attended by officers and other representatives of the commercial organizations of the cities of northern West Virginia, the following resolution was unanimously adopted:

Whereas, There exist in the territory described two efficient telephone systems, each serving part of the people, and

Whereas, It is the consensus of opinion as expressed by resolutions heretofore adopted by the various commercial organizations in said cities, that there should be but one, and the only one highly efficient telephone system which would be universal and in every home and business house in said territory, thereby eliminating the useless and unnecessary expense of maintaining two systems, and

Whereas, The creation of a public service commission with power to fix rates and otherwise regulate the conduct of all public service corporations has eliminated the necessity for competitive telephone systems in West Virginia, therefore be it

Resolved, That the commercial organizations of the cities of Wheeling, Fairmont, Morgantown, Clarksburg, Grafton and Parkersburg without prejudice or bias to either of the companies now operating in said district, and without in any wise indicating which company should predominate in the field, hereby recommend that a merger or consolidation of both telephone companies be brought about for the purpose of meeting the larger demand, eliminating the waste and expense of keeping up two systems, provided, however, that the rates for all service shall be approved as just and reasonable by the public service commission as a safeguard so wisely given us by the state legislature.

Resolved, That copies of the foregoing resolution be sent to both the Board and the Consolidated telephone companies and to the public service commission of West Virginia.

Last year Germany launched six steamers of more than 10,000 tons the largest being of about 50,000 tons gross.
